

**Professional Interpreting Enterprise (PIE)  
Presents:  
Legal Interpreting: An Information Day**

Interpreters work in many different settings including Medical, Dental, Mental Health, Occupational, and Legal. Regardless of how long you have been working or studying, legal Interpreting is a subject that should be of interest to any interpreter. Legal concepts can come up in any setting sometimes in subtle ways. This introductory information session will give you the opportunity to explore your thoughts about the legal interpreting you may already do, as well as help you think about what it would take for you to be qualified and feel comfortable working in legal settings at some point in the future.
